Dear Messrs. Bracken and Izatt:

616 NONRADIOACTIVE DANGEROUS WASTE STORAGE FACILITY DANGEROUS WASTE PERMIT APPLICATION (HANFORD FEDERAL FACILITY AGREEMENT AND CONSENT ORDER, GROUP NUMBER S-6-1, MILESTONE NUMBER M-20-02)

Transmitted herewith are three copies of the 616 Nonradioactive Dangerous Waste Storage Facility (NRDWSF) Dangerous Waste Permit Application for your approval. Additional copies of the permit application will be provided for submittal to the regulatory authorities upon receipt of the certification statements signed by the U.S. Department of Energy-Richland Operations Office (DOE-RL). This transmittal supports submission of the permit application to the Washington Department of Ecology (Ecology) and the U.S. Environmental Protection Agency by July 31, 1989, the Hanford Federal Facility Agreement and Consent Order milestone date. This permit application incorporates comments resulting from both Westinghouse Hanford Company (WHC) and DOE-RL technical and regulatory reviews.

Also enclosed for your concurrence and signature is a transmittal letter to the appropriate regulatory agencies. In addition, the WHC document clearance form is provided for your approval. Because the document will be available to the public after submission to the regulators, document clearance is required. It is requested that this clearance form be signed and returned at least ten days prior to scheduled submission of the document to Ecology to allow sufficient time for remaining clearance activities to be completed.

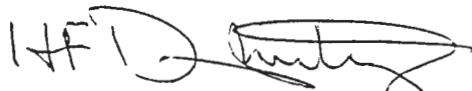

Messrs. Bracken and Izatt

Arrangements are being made to provide, during the week of July 10, 1989, a presentation on the contents of the NRDWSF permit application to the appropriate DOE-RL management and staff of the Waste Management Division and Environmental Restoration Division. If you have any questions regarding this letter, the permit application, or the presentation, please contact Ms. C. J. Geier of the Environmental Division on 376-2237.

Very truly yours,

H. F. Daugherty, Manager
Defense Waste Management Division

R. E. Lerch, Manager
Environmental Division
